Tactile emotions.
New style compositions for walls.

FORMA

Forma dona nuovo protagonismo ai rivestimenti a parete, mettendo al centro della scena una raffinata sensibilità tridimensionale. Tre strutture – Pleat, Blend, Chic – in cinque colori neutri e rilassanti, impreziosiscono la materia, lasciando affiorare in superficie delicate emozioni tattili e visive.

Forma shines a new light on wall tiles by putting refined three-dimensional sensitivity at the centre of room decoration. Three structures – Pleat, Blend and Chic – in five neutral and relaxing colours enhance these ceramics with delicate tactile and visual surface sensations.
